## ZS-PPG

**ExecuJet**  
LUXAVIATION CMI GROUP

Introduced in 1973 the King Air B200 is still in production and has become one of the most popular turbo-prop aircraft of all time. The latest variants feature full digital instrumentation and avionics and superb cabin comfort. The reliability and safety shown by this aircraft has made it a winner in the leisure and business travel markets throughout Africa, particularly to the smaller, unlicensed airfields.
